Subject: No MOAA Meeting Tonight

Fellow MOAA Members -

We will not be holding a dinner meeting tonight. Our next full chapter meeting will be a revitalization meeting with guests from national MOAA and the Florida Council of Chapters. At that meeting we will establish an increased level of participation in chapter activities, and the benefits of being both a local member and a national member. This will be in late February, early March - we will send out notification with date. Without increased participation, we will be shutting down the chapter.

Sincerely,
Terance
