[www.nettally.com/jackprice](http://www.nettally.com/jackprice)**EXPERIENCE****ENVIRONMENTAL MANAGER**

1999-Present

Florida Department of Environmental Protection  
Tallahassee, FL

Responsible for statewide programs for managing commercial hazardous wastes and associated data collection. Develop and provide oversight for policies and regulations for specific ubiquitous hazardous wastes such as electronics, mercury devices, batteries and pesticides from both residential and commercial sources. Draft and recommend statewide policy options for senior management. Represent the Department in national forums dealing with hazardous waste issues. Coordinate webpage development. Manage county government and private sector grant projects (total budget \$700,000). Supervise 3 professional employees.

**ENVIRONMENTAL SPECIALIST; PLANNER**

1994-1999

Florida Department of Environmental Protection  
Tallahassee, FL

Developed and managed six public/private demonstration and research projects (total budget \$400,000) to analyze various approaches for managing toxic heavy metals in solid waste. Developed first-in-the-nation regulations for mercury-bearing solid wastes including facility standards and public hearings/adoption. Reviewed permit applications for solid/hazardous waste facilities. Provided technical assistance and public education via media, telephone, written responses and presentations at various private, local, state, national and international forums. Supervised 1 employee.

**PROJECT COORDINATOR**

1990-1994

Broward County Office of Integrated Waste  
Fort Lauderdale, FL

Developed, managed and staffed assorted solid waste programs. Prepared, analyzed and managed \$1 million budget including grant and enterprise funds. Developed public/private partnerships for program contributions and support. Coordinated intergovernmental interaction (federal, state, local, community groups). Developed nationally recognized public/private waste management programs which helped reduce mercury air emissions from two waste-to-energy facilities by 75% in one year. Investigated and documented flow control ordinance violations by private solid waste haulers in cooperation with adjacent county. Supervised 10 employees. Media contact

**OWNER / PRESIDENT**

1986-1990

J.L. Price, Inc.  
Pembroke Pines, FL

Founded, owned and operated contracting firm of 8 employees. Directed contract development, compliance with building codes and field/office operations. Managed major accounts with Florida Power and Light; U. S. Department of Interior. Florida Certified General Contractor.

**OPERATIONS MANAGER**

1978-1986

Pioneer Roofing Co., Inc.  
Hollywood, FL

Directed personnel actions and supervised field operations of 75 employees. Managed multiple projects (project planning and blueprints, coordinate trades, budget and staff) up to \$300,000. Revised operational policies and procedures to improve work products and accommodate new services offered. Directed environmental compliance. Florida Certified Roofing Contractor.
